

# ARE YOUR CENTERLESS WHEELS READY TO USE OUT OF THE BOX?

**Eagle Pro-Grind wheels are manufactured, mounted and balanced to your wheel adaptor.**

- ▶ Designed to provide the ultimate in material removal rates, wheel life and desired surface finish.
- ▶ Ships dressed, trued, balanced and ready to run, ensuring a perfectly true, smooth running wheel right out of the box
- ▶ Pair with Eagle Hypergrip Regulating Wheels for best results

**Each Pro-Grind wheel is custom made with one of four core materials.**

- ▶ Choose aluminum, steel, bakelite composite, and abrasive cores
- ▶ Composite cores help prevent thermal expansion and ensures greater accuracy
- ▶ Can be customized with your choice of six bond options
- ▶ Available in grit sizes from 60 mesh to 4 micron

**Our Make & Hold™ program keeps your Pro-Grind wheels running.**

- ▶ Available for same-day shipping
- ▶ Eliminates 4 to 5-week lead times on custom wheels
- ▶ All centerless and regulating wheels ship to you freight free.

**ASK HOW EAGLE CAN LINK YOUR CENTERLESS AND REGULATING WHEELS TOGETHER INTO ONE INTEGRATED GRINDING SYSTEM.**

**CENTERLESS  
REGULATING  
WHEELS SYSTEM**

**EAGLE**   
**SUPERABRASIVES**

HIGH PERFORMANCE GRINDING SOLUTIONS.
