

PRO-GRIND

The perfect centerless grinding wheels

EAGLE SUPERABRASIVES has your centerless grinding wheel needs covered. Our product is proven at the largest and most demanding grind shops in the industry.

We produce wheels designed to provide the ultimate in material removal rates, wheel life and a perfect mirror-like finish. Each wheel is custom made to your needs with our six unique bonds and a choice of Billet, Aluminum, Composite and Ceramic cores.

Our **PRO-GRIND WHEELS** are produced using high quality CNC machinery, and rigorously inspected raw materials ensuring maximum repeatability. This is followed up by a no compromise 22-step QC inspection program.

In a recent study, we found that customers needing centerless wheels really needed solutions to these issues:

PROBLEM: Truing and dressing wheels.

SOLUTION: Pro-Grind wheels are supplied mounted and balanced to your wheel adaptor ensuring you a perfectly true and smooth running wheel right out of the box.

PROBLEM: Only one choice of core material.

SOLUTION: Pro-Grind wheels can be made on one of four core materials.

PROBLEM: Lack of customization.

SOLUTION: Pro-Grind wheels come with Six bond options.

PROBLEM: Limited grit sizes available.

SOLUTION: Pro-Grind wheels are made in grit sizes from 60 Mesh to 4 Micron.

PROBLEM: 8-12 week delivery.

SOLUTION: Pro-Grind wheels can be made in as little as three weeks.

PROBLEM: Poor choice of regulating wheels.

SOLUTION: We can supply high-quality regulating wheels.

PROBLEM: High freight costs.

SOLUTION: All Pro-Grind wheels ship to you freight free.

HIGH PERFORMANCE GRINDING SOLUTIONS
